YWCA Open Fields is a summer day program for teenage/young adult guys - ages 12 to 20+ with special needs. Program emphasis is on Community Service/Volunteering in the Community, learning how to better advocate for themselves, social awareness skills in a variety of different situations, plus daily recreation/physical fitness - all this while building friendships! The special needs teenage/young adult guys enrolled in YWCA Open Fields learn differently than other students in traditional school settings, and they are in most cases, in some type of special education program.

The special needs teenage/young adult guys will receive a small stipend each week which they will use for purchasing their needs/wants during this program; this also gives them an opportunity to work with real money in making purchases and concepts of saving money for upcoming events. The special needs teenage/young adult guys will work alongside Male Mentors - ratio of 3 or 4 teenage/young adult guys per 1 Male Mentor - whose duties are to model the activities to be done, supervise the special needs teenage/young adult guys, give direction and guidance, as well as, being a friend throughout their day! The Male Mentors will work with the special needs teenage/young adult guys to help each of them grow to be responsible, caring young men. This program incorporates the use of Bay Metro Transportation, Bay County Library System, Bay City State Recreation Area, River Walk, & other local destinations to help foster a variety of activities for these special needs teenage/young adult guys. YWCA Open Fields is a program of the YWCA, Great Lakes Bay Region, Misty Janks, Executive Director (989-894-9055; www.ywcaglb.org). This is the 7th year of YWCA Open Fields.
