Moving Ahead is a **10 hour financial empowerment workshop**, and a key part of our Women's Economic Empowerment Program! Financial planning and success is a life-long process - your journey to **gain control of your financial future** can start here!

This class is designed to provide the tools you need to make important financial decisions and work toward gaining **long-term financial security**.

## Testimonial

"When I started this class, I in a Shelter with no way out financially, I was overwhelmed and thought I wouldn't ever be able to get on my feet again. Now, **I have paid off almost all of my bills, brought my credit score up, bought a new car yesterday and am moving into my own home next week.** I appreciate this service being provided to me. Without it I would still be lost and drowning in debt."

~ Kelly - 2022 Graduate
